

Snom Trade-In Rebate Program

Experience the latest technology from Snom. Replace your old phones and take advantage of our trade-in rebates.

Rebate amounts valid from July 15, 2021, through March 31, 2022, when you replace 3 or more phones.

Snom D7xx SIP Deskset Series

Quality, Robustness, Advanced Features and World Appeal

The professional D7XX Series telephones are aesthetically appealing and highly practical, meeting business requirements when a phone is a critical tool in daily work. These high-performance devices are future-proofed and provide the best in Wideband HD audio, ensuring crystal clear sound quality. They are Bluetooth compatible to meet the connectivity requirements of today's offices.

Snom DECT Mobility Key Line (KLE) Series Handsets

The Snom M100 Series is ideal for small businesses that need an easy-to-use solution (no training necessary). Restaurants, retail stores, and dealerships find this system the perfect communications tool for their busy, on-the-go workplaces. Users can place a call on hold with one button, then retrieve the call from another device. Reduce cabling costs, monthly phone bills and allow for rapid installation.

Snom Multi-Cell DECT Solution Handsets

Need to take a walk? Mobile environments like hospitals, hotels, manufacturing or warehouses, and large offices call for DECT wireless coverage across several floors or large buildings. Don't sacrifice functionality and quality with increased mobility. Snom DECT provides a dedicated frequency band, so no more lost signals in metal or concrete structures. Snom offers various handsets for every user – industrial, ruggedized, antibacterial, and professional can be mixed and matched all in one easy setup installation.

Snom Wireless and Wired Conference Phones

Snom conferencing telephones provide a reliable solution that demonstrates 15 years of investment in telephone engineering. These phones are a powerful business tool that enhances collaboration and teamwork by enabling multiple callers to listen and/or talk on the same call. Snom's proven voice quality and robust software enable high audio quality in a hands-free situation. Extension microphones give the potential to extend call coverage in the room further. In today's business environment, users need to collaborate. Snom's audio conferencing is an easy-to-implement solution that saves time and boosts productivity.

X8xx Series SIP Desk Phones

Quality, Robustness, Advanced Features and World Appeal

The professional X8xx Series telephones are both aesthetically appealing and highly practical, meeting business requirements when a phone is a vital tool in daily work. These high-performance devices are future-proofed and provide the best in Wideband HD audio, ensuring crystal clear sound quality. They are Bluetooth compatible to meet the connectivity requirements of today's offices.

X6xx KLE SIP DECT Handsets

The X650 is ideal for small businesses that need an easy-to-use solution (no training necessary). Restaurants, retail stores, and dealerships find this system the perfect communications tool for their busy, on-the-go workplaces. Users can place a call on hold with one button, then retrieve the call from another device. Reduce cabling costs, monthly phone bills and allow for rapid installation.

Snom Phone Trade-In Rebate Program – Terms & Conditions

1. **Program Term** – This trade-in rebate program (“Program”) is valid from July 15, 2021 – March 31, 2022.
2. **Program Only Open to End User Customers** – This Program is exclusively for end-user customers (“Customers”) in North America who replace three or more of their existing phones with new Eligible Devices. This program does not apply to VTech® or Snom resellers, consultants, or distributors.
3. **Purchase, Lease Agreement, or Service Contract from Authorized VTech and Snom Resellers** – Customers must purchase a twenty-four (24) month or longer, non-cancellable service contract or leasing agreement from authorized VTech or Snom resellers covering the new Eligible Devices.
4. **Minimum/Maximum Trade-In Phones** – There are a minimum of three (3) phones per trade-in claim. You are encouraged to submit all phones on one claim. There is also a maximum of up to two hundred (200) phones that a Customer may trade-in under this program.

Trade-In Claims Process

1. **The Snom Trade-In Program Claim Form**, with all required documentation (outlined below in section 2), must be submitted within either:
 - a. Ninety (**90**) days of purchase of the new Eligible Devices or
 - b. One hundred fifty (**150**) days from the date of the effective contract date for Customers who have purchased long-term telecommunications service contracts.
 - c. Note: If the completed documentation is not received within 90 days from the date of purchase or within 150 days from the date of signature on long-term telecommunications services contracts, program participation will be declared invalid, and the customer will not receive the rebate. Rebates will be issued via an electronic or physical card to the **End User/Customer** will be processed one week after the claim is accepted as valid.
2. **Trade-In Documentation** – Customers are required to provide the following documentation directly to Snom to receive the trade-in rebate:
 - a. **Completed Snom Phone Trade-In Claim Form including:**
 - i. Signed Authentication;
 - ii. List of the new Eligible Devices, with model names and quantities for each new phone for which rebate is requested: and
 - iii. List of the existing phone models being replaced by the new Eligible Devices.
 - b. **Proof of Purchase** (one of the three options listed below):

- i. **Option 1** – Invoice for new Eligible Devices purchases dated between July 15, 2021 – March 31, 2022. From an authorized VTech or Snom reseller or
 - ii. **Option 2** – Long-term Equipment Lease or Services contract AND first month's invoice for long-term equipment Lease or Telecommunications Services contract with authorized VTech or Snom reseller.
 1. Long-term Equipment Lease or Services contract must be signed between July 15, 2021 – March 31, 2022. The first month's invoice must be dated no later than 150 days after the contract date.
 2. The contract must show quantities and descriptions of Eligible Devices being leased or put into use.
 3. Lease Agreement or Service Contract – customers must purchase a twenty-four (24) month or longer non-cancellable service contract or leasing agreement from authorized VTech or Snom reseller covering the new Eligible Devices.
 4. The first month's invoice must either list the quantities and descriptions of the Eligible Devices being put into use or reference the lease or services contract by name or number; or
 - iii. **Option 3** – For projects combining telecommunications services with Snom or Eligible Devices, the project invoices must refer to the Project Statement of Work ("SOW"), which must show the quantities and descriptions of the Eligible Devices being purchased.
 1. The SOW or services project contract containing the SOW must be dated between July 15, 2021 – March 31, 2022; and
 2. The final project invoice must be dated no later than 150 days after the project contract.
3. All documentation must be submitted online at SnomRewards.com
 4. Snom will provide the Customer with an email confirmation when Snom receives the Customer's claim. Snom is not responsible for lost or misdirected email, mail, or faxes.
 5. Snom or Snom's Rebate Administrator has the right to contact the Customer at any time for verification purposes. Snom retains the right to decline if verification cannot be validated.
 6. This program is valid in the United States and Canada and is void where prohibited or otherwise restricted by law. All programs are subject to US and Canadian export laws and restrictions.
 7. This program may not be combined with any other promotional offer or discounts, and VTech and Snom reserve the right to modify or cancel this program at any time.
 8. No exceptions to this program will be allowed. VTech and Snom have the right to deny all claims that do not meet the criteria and have the sole discretion to reject claims that are not adequately substantiated.
 9. Any questions regarding this program should be addressed to SnomRewards@360insights.com or 1-888-478-9419.
