

BerniePortal

September 2020 New Release Notes

Passive Open Enrollment / Auto-Enrollment

- a. This provides a method for employers to automatically enroll employees in plans at renewal.
- b. When it's time to close Open Enrollment, a new Auto-Enrollment modal will appear asking to match each plan from the prior offer to a plan and coverage tier from the current offer.
- c. Once the Auto-Enrollment configurations are set and Open Enrollment is closed, employees who did not login to BerniePortal to make active elections will be enrolled in the plans set in the Auto-Enrollment configuration.
