

BerniePortal

February 2021 Release Notes

Three areas of improvement:

1 Employees Can View COBRA Details:

- Employees that enroll in COBRA on BerniePortal, and whose employer uses Alpine TPA to administer COBRA, will now be able to keep track of their COBRA details on their Homepage
- Employees can now see their paid thru dates, payment received by Alpine, and their COBRA eligibility status

2 Checklists Now Appear for Global Admins and Managers Immediately Upon Adding a New Hire:

- Users will now be able to view and manage new hires onboarding checklist items before the employee takes steps to activate his / her account
- Great for getting a head start on successfully onboarding a new hire and ensuring checklist items are crossed off in a timely manor

3 Prior Offer in Offer Overview:

- New column in the Offer Overview are
- Allows employers to view the set of plans that was available for employees to enroll in prior to the latest open enrollment
- This is a significant step towards allowing employees to enroll in plans of the prior offer after an employer has already opened enrollment for a new set of plans (i.e, no “blackout” period)
