

Pharmacy Technician Training Resources and Certification

Pharmacies are a vital part of public health initiatives to fight COVID-19, resulting in heavy workloads and burnout. With robust online training, national certification and a little guidance from their pharmacy team, pharmacy technicians can provide relief.

NHA can help you invest in your future by preparing for certification.

We offer a comprehensive suite of product solutions for every step of a pharmacy technicians' career including:

- Foundational learning tools
- Essential soft skills training
- CPhT exam prep and certification
- Immunization administration training
- Continuing Education

Product solutions for every step of a pharmacy technicians' career:

Foundational learning tools

Improve accuracy, efficiency, and productivity with data-driven, online, didactic training.

Essential soft skills training

Build confidence and trust through a simulated learning environment.

CPhT exam prep & certification

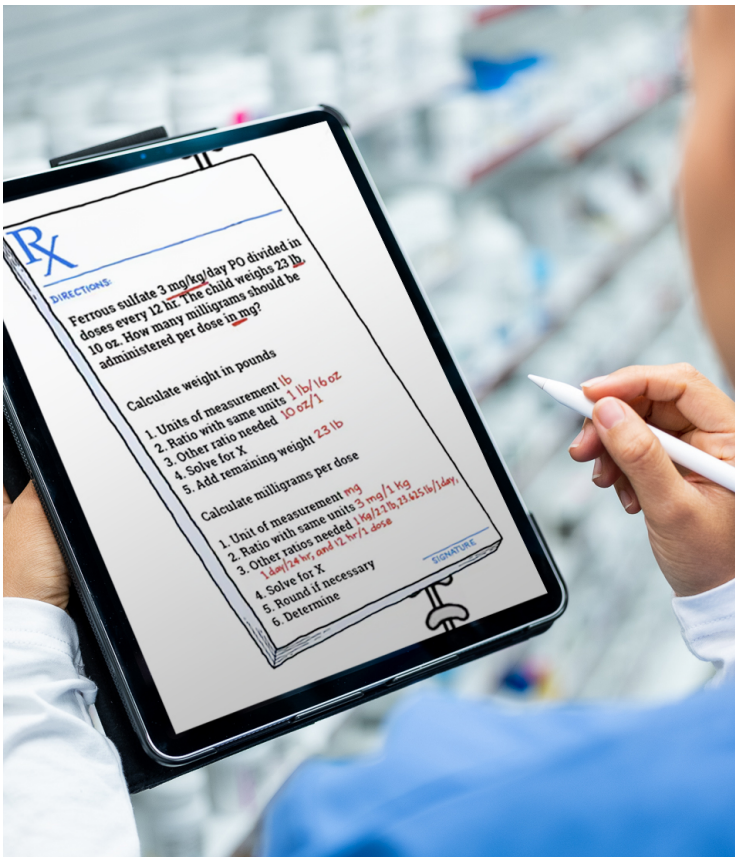

Assure your community that quality customer service and patient care are your top priority by certifying your technician staff, regardless of state requirements.

Immunization administration training

ACPE accredited training. Online, didactic training modules and live, virtual technique assessment.

Continuing education

Engaging, relevant content available in monthly and annual subscriptions.
