# Employment Matters

You Can Make It Work

Develop a  
personalized  
career plan  
that will put  
you on a path  
to live your  
best life

Employment Matters is a program designed to help you develop a personalized career plan and put you on a path to succeed and achieve your best life. Your personal and work-related goals matter, and your voice—including your thoughts, feelings, and unique challenges and concerns—are heard.

You'll make friends, make money, and make a difference. We have a caring team with the strategy, ability, and holistic approach to help you enhance your life. We work closely with your family to build a strong foundation and support system.

Most important, it's success on your terms. At Employment Matters you will:

- **Discover** your interests, preferences, skills, and talents
- **Explore** resources such as assistive technology and adaptive equipment
- **Develop** your Personalized Employment Plan

What matters to you matters to us and we will help you all along the way with:

- **Peer-to-Peer Support**, member to member and caregiver to caregiver
- **Skill Building** for independence, travel, and community mapping
- **Job Development** to make business contacts and network
- **Real Work Experience**, short-term, on-site work experience
- **Job Coaching** at your new employment location
