

Your Best Path to University Success

Where is your journey taking you? Do you dream of attending university in the United States, or maybe somewhere closer to home? Do you need to boost your confidence in your English language ability, study skills, and core academics (math, reading, science) before continuing your study at university?

No matter where you want to go, the **Global Assessment Certificate™** (GAC) will help you get there!

The GAC is a university preparation and foundational skill-building program for students whose first language is not English. The GAC, recognized and accepted by universities worldwide, helps you become the most prepared you can be for university. Best of all, you can earn university credit while earning your GAC!

EARN UNIVERSITY CREDIT

Some GAC students have earned enough credit to complete their first year of university before graduating high school!

SKILLS FOR SUCCESS

The GAC curriculum puts a focus on the skills and knowledge you need most for postsecondary success:

- Academic English
- Mathematics
- Science
- Social Science
- Study Skills
- Computing
- Communication
- Psychology
- Business

GAC students are immersed in English-based instruction, which in turn helps them build language skills while completing classroom work.

THE ACT UNIVERSITY ADMISSIONS TEST

GAC participants also take the ACT® test—the university admissions test that is accepted by all US universities and hundreds of international universities! Taking the ACT makes applying for university much easier.

“GAC helped me excel in many aspects of my university study, including doing research and writing an academic paper, and it gave me confidence in the classroom itself, especially for studying in the United States. You do have an advantage in terms of your readiness and preparedness.”

—Akbar Yahya, GAC graduate and
Johnson & Wales University (USA) graduate

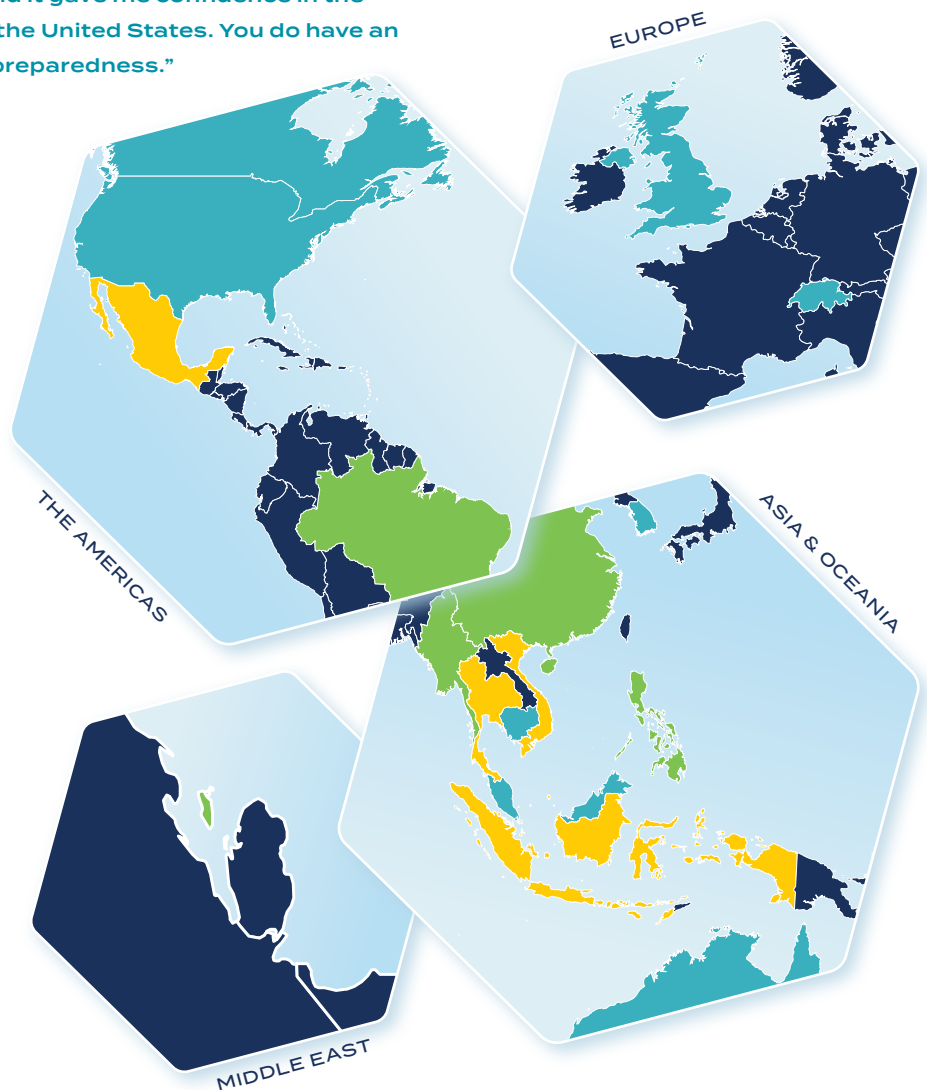

OFFERED GLOBALLY

The GAC is offered at Approved Teaching Centers (ATCs), carefully selected according to outstanding teaching quality and dedication to students.

PARTNER UNIVERSITIES

Graduating from the GAC program will give you access to a network of GAC Partner Universities that enthusiastically accept GAC graduates. Many of these universities are in the United States and offer GAC-based credits toward a postsecondary degree, along with scholarships specifically for GAC students.

-  Approved Teaching Centers (ATCs)
-  Partner Universities
-  Both

FLEXIBLE LEARNING FITS YOUR SCHEDULE

The GAC can be earned **full time** or **part time** while taking a high school curriculum. You can graduate with both your high school diploma and your GAC in hand!
