

Ask your MyPermobil Voice Assistant

- What is the current battery level?
- When did I last charge?
- What is my estimated range?
- How far can I drive with my current battery charge?
- How often did I reposition today?
- What are my usage records?
- What's my serial number?

android & iOS

- 1 Open the Alexa app and tap at the menu icon and then “Skills & Games”.
- 2 Click on the “Your skills” tab and search for “MyPermobil”.
- 3 Click on the “MyPermobil skill”.
- 4 Click on the “Enable to use” button.
- 5 Click on Settings and choose “Link Account”.
- 6 Choose your region.
- 7 Enter your MyPermobil account email address and press continue.
- 8 Wait until you get a verification code and paste the code into the verification code textbox and press “Verify account”.
- 9 Your Amazon Alexa and MyPermobil app are now linked.

Linking MyPermobil to Google devices quick setup guide

android

- 1 Open the Google Home app .
- 2 At the top right, click on your account icon.
- 3 Verify that the Google Account shown is the one linked to your speaker or display. To switch accounts, tap another account or “Add another account”.
- 4 Click on “Assistant settings” then “Explore”.
- 5 Scroll through the list of apps for the Assistant. Choose the MyPermobil card (Note: You need to have the MyPermobil app downloaded on your mobile device).
- 6 Click on the blue “link” text.
- 7 Choose your region.
- 8 Enter your MyPermobil account email address and press “Continue”.
- 9 Wait until you get a verification code via email and paste the code into the verification textbox and press “Verify account”.
- 10 Your Google Home and MyPermobil app are now linked.

iOS

- 1 Open the Google Assistant app (iOS) .
- 2 At the top right, tap your account.
- 3 Verify that the Google Account that is listed is the Google Account that you linked to your Google Nest or Home device. To switch accounts, tap the triangle next to the Google Account, then tap another account or Add another account.
- 4 Go back to the home screen, then tap “Explore” at the bottom right.
- 5 Scroll through the list of apps for the Assistant. Choose the MyPermobil card (Note: You need to have the MyPermobil app downloaded on your mobile device).
- 6 Click on the blue “link” text.
- 7 Choose your region.
- 8 Enter your MyPermobil account email address and press “Continue”.
- 9 Wait until you get a verification code via email and paste the code into the verification textbox and press “Verify account”.
- 10 Your Google Assistant and MyPermobil app are now linked.
