

SAGGEZZA

# Agile Navigator

## THE JOURNEY TO UNLOCKING GROWTH AND INNOVATION

Agile transformation can be challenging to navigate. A lack of collaboration, training, and management can impede success and introduce pain throughout the organization.

Saggezza is here to help. Our experts understand the exchanges critical for innovation and growth. Through Agile Navigator, we collaborate with your team to drive transformation at the cultural level, creating the space and structure for lasting change. Move toward a culture of rapid-response, growth, and innovation today. We're here to help.

**AGILE IN 3  
MONTHS**

Automation & Engineering

## BUSINESS TRANSFORMATION

Are you looking to launch a new agile initiative? Scale agile across the enterprise? Our agile experts and proven process can help guide you on the path to success.

Over three months, we can collaborate with your team to understand your strategic priorities and business needs. We train your team on the principles and best practices of agile. And we work alongside your team to apply the learning to a current business initiative.

Transformation is challenging. Don't go it alone - take advantage of our expertise and track record of agile success to rapidly move toward growth and innovation.

**Frank Trainer**

Vice President  
of Process and  
Delivery

### DISCOVER (1 WEEK)

Business and IT stakeholders collaborate with our agile experts to create a clear vision of your business objectives aligned with the strategic business requirements.

#### Deliverables include:

- Current state and maturity model assessment
- Strategic review of objectives, goals and constraints
- Organizational assessment
- Key metrics and KPIs

### PREPARE (2 WEEKS)

Your team is expertly trained on agile transformation through the agile methodology, industry best practices, overcoming obstacles, and scaling across the organization.

#### Training includes:

- Agile cadence
- Technical excellence
- Continuous integration and continuous delivery (CI/CD)
- Story grooming
- Agile ceremonies
- Given-when-thens

### ACTIVATE (9 WEEKS)

Achieve agile success through practical, hands-on application and coaching for your team. Over the course of 9 weeks, your team will adjust to agile, cultivate continuous improvement, and advance toward technical excellence.

Saggezza developers are always on hand to answer questions, demonstrate best practices and guide the team.
