

## Product Change Notice

**Date: September 22, 2020**

To Our Value Customers:

Beginning December 20, 2020, UL 60950-1 standard will be superseded by UL 62368-1. Although, North American NRTL's will continue to accept UL 60950-1 approved product for the foreseeable future. Beginning December 20, 2020, all new UL approvals will need to be made to UL 62368-1.

The good news is that Triad's WSU power supplies have recently been updated and approved to UL 62368-1. This updated series is intended to be a direct replacement to our existing WSU series except for a few models outlined below. The part numbers we currently use will also be used on the new series to help make a seamless transition. Over the next few months, we will begin the transition from UL 60950-1 to UL 62368-1 product with an expected completion on or before December 2020.

**Part Number: (WSU-Series) –**

Part No	Part No	Part No	Part No
