

## CREATIVE PARTITIONS FOR YOUR OFFICE

**Turn any open office space into a creative and safe space for your employees.**

Over the years many companies have moved to open format office spaces. This may not be adequate under new expectations and guidelines for your employees' well-being. Create a safer space with creative or branded clear partitions, vs solid permanent walls. These will allow the light to still filter through leaving the open feeling intact.

# CREATIVE PARTITIONS FOR YOUR OFFICE

## CREATIVE PARTITION FEATURES:

- Custom sizes and shapes available
- Made from sturdy clear acrylic material
- Add branding or creative patterns for thoughtful design
- May be used as a white board for team collaborations
