As a proud member of the Metro Classic Conference, Spartans succeed using His gifts for His glory.

Developing the student-athlete both in and out of the classroom helps to shape and nurture our students so they become productive citizens in our society and better prepares them for the future.

Using and developing athletic skills, entertaining fans, growing physically, working together as a team and being productive with the athletic talents our Lord has given us are all a part of the opportunity Martin Luther provides through participation in the athletic programs we offer.
