## NEW RN MEDITECH USER MNEMONICS

New Meditech user mnemonics will be issued to all direct care nursing staff.

User Meditech mnemonics will now have a 3 followed by your 3-4 ID.

Example: **3XXX1234**

You can search for user mnemonics when prompted for a Cosigner in eMAR by typing: N\Last Name, First then press F9.

Or by using the Who Has This Mnemonic routine on the Magic Menu:

## EFD NURSE MIS MENU

The MIS database is available to use when you float from your assigned unit to another department.

Depending on your nurse type, the menu displayed will vary.

When you log into Meditech, click MIS and choose the department you need to access.
