

HERITAGE RTR

Superior Design

Unlike other pools on the market, our high performance, extruded resin top ledges offer superior corrosion resistance and doesn't heat up in the sun as do typical steel top rails. Plus the two-piece injected molded ledge covers and steel Krystal Kote uprights combine superior design elements for superior long-term performance of this pool for you and your family.

HERITAGE RTR

Style & Strength

The engineering details of this pool make it one of our best sellers. Using an interlocking steel stabilizer at the top of the pool combined with a hardware-free 'Snap-In' resin bottom cuff ensures a stronger, faster installation with superior stability.

Even the Ivory color scheme of this pool was chosen specifically to enhance your home and match the latest backyard décor.

selection

WATER SAFETY

Your above ground pool has been designed to provide you with years of safe family fun. This entails that water safety must always be taken into account. When used incorrectly, your above ground swimming pool can be dangerous; above ground pools are shallow, and this makes diving and jumping unsafe. To ensure your above ground pool is used safely you must observe the safety precautions that are provided to you when you purchase an above ground pool and conform to all local regulations.

The dimensions, weights, illustrations and other specifications may not be exact as shown and are approximate. The company reserves the right to modify and/or discontinue without notification any feature in any pool model.
