SEATTLE FOUNDATION

CHIEF ENGAGEMENT OFFICER

ABOUT SEATTLE FOUNDATION

Greater Seattle is changing and growing, and so is Seattle Foundation (SeaFdn). “The heart and science of philanthropy” is the intersection of philanthropic passion and data-driven solutions to create lasting change. As the community’s foundation, our mission is to ignite powerful and rewarding philanthropy to make Greater Seattle a stronger, more vibrant community for all. We work with more than 1,200 individuals, families, and corporations to strategically invest their philanthropic resources in ways that inspired continued giving to the community. We also partner with philanthropic institutions, government agencies, community organizations, and businesses to catalyze positive change in our community across a range of issues.

Our organizational culture is one of engaged teamwork, where we support one another in reaching our collective and individual goals while constantly learning along the way. Our office is located in the downtown core of Seattle, however our reach is much broader than that – we focus on Greater Seattle and the Eastside and also support donor interests across the country and around the globe. We seek individuals to join our 60+ (and growing!) team who are committed to our vision of a stronger, more vibrant community for all; collaboratively finding solutions; continually learning; and going the extra mile in service of our philanthropic partners and the broader community. We’re in the midst of an exciting evolution in our work.

Mission & Vision

Seattle Foundation’s mission is to ignite powerful, rewarding philanthropy to make Greater Seattle a stronger, more vibrant community for all.

We envision a thriving region of shared prosperity, belonging, and justice, where all individuals and communities have equitable access and outcomes, regardless of race, place, or identity.
SEATTLE FOUNDATION | CHIEF ENGAGEMENT OFFICER

Over past decades, we have been evolving to become a more active regional civic leader committed to community impact. While the Seattle region is undergoing major economic growth, systemic failures across sectors continue to leave Black, Indigenous, and Communities of Color behind, placing the Seattle community as a whole, at risk. We plan to continue our evolution by articulating an exciting path for philanthropy in a new, ambitious Blueprint for Impact, embarking on a unified, regional vision to engage a wide range of stakeholders on an approach to addressing racial and economic inequities. Debuting later in 2020, the Blueprint for Impact will take shape in three core areas: a just democracy, equitable economy, and resilient environment. Enlisting and engaging our philanthropic partners is of the utmost importance if we are going to be able to meet this moment with the level of philanthropic investment necessary to achieve our mission and vision.
