ELSNER's Take on the Industrial Wipe

- 125 Wipes - 10.5" x 12"
- Multi-Purpose
- Absorbent
- Strong

ELSNER has been specializing in OEM machinery for the nonwovens market for decades. We realize that the demand for economical single or limited-use industrial nonwoven wipes has grown, and many of our machining customers could use a convenient, tough, absorbant wipe.

So, we created Frank Wipes!
(a nod to our founder, Frank Elsner)

FRANKLY THE BEST

FRANK'S WIPES APPLICATIONS:

Manufacturing & Engineering Industries

- Machine and Equipment Cleaning
- Hand Cleaning
- Maintenance

Automotive Industry:
