ENTERPRISE RENTAL SOLUTIONS

Specialised Van Conversion

To support front line doctors who still need to conduct home visits to see patients, Enterprise can offer mobility solutions that ensure practical safety modifications are implemented into our vans to aid with the transport of people and equipment.

KEY FEATURES

- Protective Compartments
- SPEEDLINER Euro® Hygiene Coating*
- Barn Door Rear Entry
- Side Loading Door
- Central Bulkhead
- Rear Compartment Coat Rail
- Rear Compartment Aluminium Tray

SPECIFICATION

Our compartmentalised van conversion offers a rear cargo area, i.e. a second 'bulkhead' creating two spaces.

One which can be accessed from the side-load door but is separated from the front cab area, the second can be accessed via the rear doors.

This will allow for two self-contained areas in the cargo space, one for 'clean' clothing to be stored and the other for 'contaminated' clothing to be stored.
