

Give Yourself Ultimate Control Over Your Spend Management Decisions

C-Vision is an innovative GPO- and Supplier-neutral, web-based Spend & Data Analytics solution that provides invaluable insight into your supply chain operations. C-Vision offers a user friendly, intuitive way to have continuous visibility, custom reporting and detailed analysis - allowing you to explore spend data from all possible angles. Specialized reports provide comprehensive comparisons and trend analysis between cost, usage and potential versus actual charge outs. These reports provide key information for the following:

**Budget, Department
Usage and Staff
Activities**

**Management
Visibility of Non-Labor
Expenditures**

**Data by Category,
Patient, Vendor
and More**
