

# LogiSize

## Start Reducing Your Total Supply Chain Costs Today!

By distributing product in the most logical unit of measure (LUM), the Concordance LogiSize Program makes it possible for hospitals and health systems to streamline their supply processes while reducing both costs and product inventory.

Deliveries configured in totes leading to decreased storage needs, reduced overstocks, less expired products & fewer touch points for better use of staff time.

Includes sequestered LUM inventory, resulting in fill rates above 99%.

Committed planning and implementation process, while offering advanced data & reporting services & a dedicated emergency management team.
