

# Streamline Your Hospital and Health System Purchasing

The Concordance Onboard program bridges the continuum of care by helping you bring all owned entity supply purchases onto one ordering platform.

With Onboard, hospitals and health systems gain increased visibility into their supply spend data, including analytics from all owned entities. This data can then be used to facilitate system-wide standardization efforts that can decrease SKUs while increasing positive patient outcomes and staff productivity.

**Obtain  
Additional  
Cost Savings**

**Gain  
Efficiencies**

**Increase  
Contract  
Penetration**

**Improve  
Control of  
Inventory**
