datacor ePayments

Secure Remote Supplier Payments
Business Continuity Plans

Need help with your Business Continuity Plans?

Paying vendors remotely can be challenging, we can help

Business continuity plans are being stress tested as we prepare for the reality that COVID-19 'work from home' mandates may last longer than first expected. With Datacor ePayments powered by Nvoicepay, companies can quickly and securely outsource their suppliers payments to focus on more crucial tasks.

We immediately help AP teams:

› Effectively move AP payment approval processes online

› Ensure timely payment for all suppliers

› Maintain visibility, traceability, and control across all payments

› Reduce the cost of paper check processes by 75%

› Secure and indemnify payments, removing the risk of payment fraud

Nvoicepay manages 100% of our customers supplier payments through a combination of cloud-based payment automation software and payment services. We have 1,000s of customers securely paying 100,000s of suppliers today from remote environments.

Implement secure digital supplier payments in 15 days

In order to help companies fulfill their business continuity plans during this unique and challenging time, Nvoicepay will implement new customers in an abbreviated process of 15 business days or less.

"My favorite part about the solution is the ability to approve payments wherever I want. I can do it anywhere in the world, and that's been amazing for me."

Gina Walker | CFO

Best-in-class payments
