Railroad Museum of Pennsylvania Education Programs

LEARNING IN MOTION

FOR YOU & YOUR STUDENTS

Learn about America's transportation heritage through the use of primary sources, vintage vehicles and artifacts from the Museum's world-class collection. Guided walking tours, workshops and virtual learning sessions offer interactive experiences for students in the preschool through secondary levels. Our education programs satisfy specific Pennsylvania academic standards in many subject areas. We can share some easy, creative and effective ways to integrate transportation history and technology into your lessons.

- **Stewart Junction Railway Education Center:** Interactive exhibits in a 1915-era freight station.
- **Virtual Learning:** Sessions via Zoom address specific railroad-related themes.
- **Scouts and Youth Groups:** Merit badge class for troops and groups, and workshops for individuals ages 11-17. Space is very limited.
- **On The Road:** The action of railroading comes directly to your classroom or your community group's meeting.
- **Educational Tours:** Guided, educational tours for non-school group adults and children.

Language Bank

Who Are We?

The International Service Center (ISC), a multicultural social service organization was established in 1976 to promote and implement cultural, educational, social and economic programs to serve refugees and immigrants regardless of their background and national origin.

What We Do?

Since 2001, the ISC has been operating The Language Bank to enable service providers to communicate with Limited-English-Proficient (LEP) clients in linguistically appropriate and culturally responsive way. Our customers are among various industries, such as government agencies, healthcare providers, legal, education and corporate communities.

The Language Bank is a translation and interpretation fee-for-service, available in over 30 languages including **Arabic, Bosnian, Burmese, Cambodian, Chinese, Farsi, French, Gujarati, Hindi, Indonesian, Italian, Korean, Kurdish, Laotian, Nepali, Russian, Somali, Spanish, Thai, Tigrinya, Urdu, and Vietnamese.**

Why Use Our Service?

- Qualified interpreters ready to respond in a timely manner
- Experienced community workers providing dedicated service
- Nominal service charge, we are service oriented not fee oriented
- Incomes generated are reinvested in other social service programs

Have Questions?

*Please contact our Language Bank representative, **Ms. Hang** at (717) 236-1523 or languagebank@isc76.org to find out how we can tailor our services to meet your unique needs.*

Dedicated to helping low vision people of all ages!

Sage Vision is committed to partnering with the education community to meet the unique needs of visually impaired students and their families. Our priority is to work together to foster confidence and independence for children in the classroom and beyond through the use of assistive technology products. We are grateful to the 300+ educators and specialists in Pennsylvania who support the academic success of visually-impaired children.

“It is always good to understand the problem, but we believe it is more important to find the solution.”

*Dawn R. Prall
Owner, President & CEO*

Assistive technology involves devices designed specifically to help people with vision loss (or other disabilities) access the world around them. Sage Vision is the assistive technology leader in Pennsylvania. We carry a variety of devices and offer virtual product demos, training, technical support and service.

“ We all appreciate Sage Vision and all that you do, and look forward to a long relationship with you! Sage is always willing to work with us. [You] have gone above and beyond to work with our team to help meet the students’ needs – not only in the classroom, but, as we move forward, in a new era of distance learning. ”

– a 20-year TVI and AT Director

About Lancaster-Lebanon IU13

Lancaster-Lebanon Intermediate Unit 13 (IU13) is an education service agency dedicated to delivering services to schools and communities across the state. IU13 is a leader in recognizing the needs of schools and implementing programs to meet those needs, with a core compelling purpose of improving student learning.

Over the years, we have expanded our reach—using our expertise to provide products and services not only to Lancaster and Lebanon counties' 22 public school districts, but also to nonpublic schools, education agencies, parents, preschools, adult learners, businesses, municipalities, and more.

Despite this growth, everything that we do supports our core mission of improving student learning.

The Organization

IU13 is organized into the Office of the Executive Director and five departments – Business Services, Human Resources Services, Instructional Services, Early Childhood and Special Education Services, and Technology Services – and also administers the Pennsylvania Training and Technical Assistance Network (PaTTAN) office in Harrisburg. All areas work in concert with each other to achieve the organization's goals and to provide high-quality, memorable customer service and innovative leadership.
