

Delight Consumers With a Streaming Solution That Drives Engagement, Retention & Revenue

SUPPLY YOUR LOGO AND YOUR CHANNEL LIST AND WE WILL DO THE REST

This U.S. solution delivers a fully-featured hybrid streaming solution that enables operators to optimize the customer experience against their local requirements. Delivered via a low-touch market entry proposition, this turn-key solution is designed to deliver the benefits of a tier 1 solution without the hefty price tag.

BUILD A SERVICE IN THREE EASY STEPS

1 Select Content

- Build your channel list from a premium content line-up (transport rights can be included).
- Add a hyper-local aspect and put all your local content front and center.

2 Manage & Optimize Service

- Build all your packages and pricing centrally.
- Deliver live and on-demand, cloud-DVR and catch-up.
- Export usage behavior data to your reporting tool of choice – Google Analytics and Tableau supported as standard.
- Targeted recommendations through innovative UX building tools, which can be updated in real-time.
- Automated content workflows to prepare video & metadata.

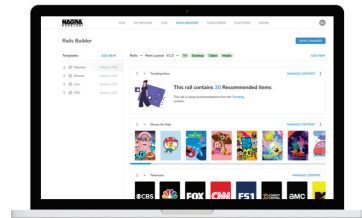

3 Distribute To Many Devices

- Bring Your Own Device (BYOD) – Fire TV and mobile devices (iOS & Android smartphones and tablets).
- Desktop – on PC, Mac, Chrome-book (browsers supported include Chrome, Safari, Microsoft Edge, and Firefox).
- Android TV box with 35 button remote control (created by Kaon & Evolution).

Secure Premium Content

Monetization Options

Wide Device Reach

Launch In Weeks

Easy on-boarding of content for a launch in weeks. (PO + 30 Days).

IN PARTNERSHIP WITH

Service Options

Option to take a pre-integrated CRM capability from GLDS to save migrating data and further increase time to market.

Option to launch BYOD first (Fire TV, mobile devices), then phase in Android STB at a time of your choosing.

Extend further with complementary Kudelski Group solutions such as Managed Security Services (cybersecurity).
