

Pella® Storm Doors

Product Catalog

EVERY ENTRY DESERVES A PELLA® STORM DOOR

Every storm door we make features the sturdy, energy-efficient construction necessary to protect a home against harsh weather conditions, and to save on heating and cooling bills.

And when it's nice outside? Pella storm doors shine on those days too, giving convenient solutions for more light, a cool breeze, or both.

With a variety of styles and features, there's a Pella storm door to fit your needs.

Fullview — brilliant view plus personal style choices and an interchangeable screen for seasonal venting

Rolscreen® — flexible ventilation control and a clear view

Self-storing — standard screens for durability that stands up

Pella makes it easy to find the door that fits your home.

PELLA® DOUBLE STORM DOOR KIT

Many Pella® storm door models offer a double door kit, allowing homeowners to enjoy the benefits of a storm door while retaining the beauty of double door entryways.

This kit provides all special extrusions and hardware necessary for a weathertight and professional installation, including upper and lower slide bolts. It fits both standard and custom size doors. Order two storm doors and one corresponding double door kit.

Doors sold separately.

ordering instructions

1. Measure to determine the door opening size, then select the door model desired. (See measuring instructions in the Pella storm door brochure.)
2. Refer to the "Fits Door Opening Sizes" table for the model selected.
3. Using the width and height ranges listed, determine first if the opening size falls within the range of any standard size. Both the width and height must fit within the range.
4. If the opening size doesn't fit a standard size, check the range of sizes available in the Custom or Custom Oversize doors. If both width and height cannot be matched with any size listed, that model cannot be manufactured to fit that opening size. (Refer to one of the other models with custom size availability for a possible match.)
5. Please review your order carefully. Orders for custom products may not be modified or canceled once they have been placed. Other orders may be cancelled within the first 24 hours.

CUSTOM DOOR

ordering instructions

WHEN ORDERING A CUSTOM DOOR, PLEASE PROVIDE THE FOLLOWING INFORMATION:

- Model number
- Color
- Hardware finish
- Exact opening size (not door size)
- Hinge side – as viewed from the outside of the house
- Double Door applications – specify left or right operating door as viewed from the outside of the house

Pre-drilled holes for an easier installation.

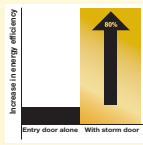

QUALITY YOU EXPECT FROM PELLA.

Pella® storm doors are built to last with quality features that help ensure years of dependable performance. Features may vary by model.

One-Touch® closer holds door open with a touch of a button.

All Pella® storm doors **increase energy efficiency by up to 80%¹**, making your home more energy efficient.

Fully tempered glass ensures added safety.

Overlapping frame with **double weatherstrip** prevents drafts and offers a clean look.

Two closers ensure smooth operation and are **color-matched** to door.

Double-door or French door installation kits available.

Keyed deadbolt provides added security and peace of mind.

Heavy-duty hinges provide dependable performance.

Sidelights are available in two sizes and seven colors.

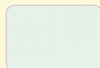

Installation screws are covered for a clean, finished appearance.

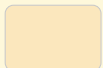

Lifetime Storm Door Protection Plan provides replacement coverage for as long as you own your home.²

Personalize your home by coordinating the color of your storm door with the color of your home's exterior, shutters or trim. Pella storm doors are available in colors to match your Pella windows and patio doors. Color offerings vary by model.
