

9D Moments

CREATE MEANINGFUL INTERACTIONS TO POWER YOUR GROWTH STRATEGY

No matter what the activity is, all consumers experience a natural pause in an in-app mobile environment such as finishing a to-do list in a productivity app or crossing the finish line after a long bike ride using a fitness app. 9D Moments gives marketers the ability to access these unique natural moments of pause, ensuring your brand doesn't disrupt app usage and engages consumers when they're most receptive to messaging.

- Create engaging experiences leveraging standard, video or rich media including Drive to Store, Add to Wallet, 360 Degree View and more
- Access 9D Moments via managed service media or curated programmatic private marketplace
- Additional targeting includes audiences (offline behaviors) and contextual (app categories)

WHERE YOU CAN FIND 9D MOMENTS

Non-incentivized, in-app inventory via NinthDecimal's SDK and premium third party supply including fitness apps, productivity apps, music apps, and more.
