

GL-696 GLASS CLEANER PRODUCT OVERVIEW

Winter-Weight, Aerosol Glass Cleaner

Features:

- Designed for use in below freezing conditions
- No Personal Protective Equipment required

Simply spray and wipe.

Are you tired of your glass cleaner freezing into ice or sludge in winter? Are you tired of your glass cleaner not drying in high humidity during summer? Simply try GL-696!

Our special formula works all year round, but was designed for winter. It withstands freezing temperatures down to 6.4 degrees Fahrenheit.

Cut through even the grimmest glass with the superior cleaning power of Bradley Systems GL-696, winter-weight, aerosol glass cleaner. Easily remove cigarette smoke, food residue, and more. The result: a spotless, streak-free surface every time.

See consistent results with this ready-to-use formula. Simply spray and wipe.
