

# SUPERIOR RUBBER INSULATING GLOVES IN STOCK AND READY TO SHIP

## CHANCE® LINEMAN GRADE GLOVES™

Straight fingers with respect to the palm to help prevent fatigue of the tendons in the back of your hands

Oval shaped fingers to help provide “no-dead-spots” feel and better dexterity

Flexible and durable natural-rubber formulation provides excellent flexibility and electrical insulation

Straight wrist in natural-rest position to help prevent fatigue of your forearms and hands

Printed label passes EN60903 Section 8.8 label wiping testing requirements and certifies that every glove has been manufactured and tested per ASTM D120

All gloves 100% electrically tested and date stamped.

Wide cuff for improved comfort and air-flow

With 20% more flexibility than the leading competitor\*, added value comes with every glove.

*\*Per third party testing at an accredited lab*
