

# ECO-FRIENDLY Biodegradable Wipes

Made in Europe, this Eco-Friendly wipe is the newest member of the AeroWipe family. With this product we see a wipe material, that is made entirely with fibres from natural origins, impregnated with an anti-bacterial and virucidal lotion, fragranced with an attractive sea breeze, and packed into a fully recyclable wrap of 100 wipes.

## Key features

- Biodegradable and compostable wipe
- Wipe of natural origin
- Wipe biodegradable and compostable fibres
- Recyclable Pack

### Biodegradable and compostable wipe:

The fibres from which the wipe is made, make this material fully compostable and biodegradable, making this the perfect solution for an evolving, environmentally aware organisation looking to protect its employees.

### Recyclable pack:

The packaging for the flow wraps is 100% recyclable, further emphasising the effect this solution could have on an organisation's Corporate Social Responsibility and the planet.

### Efficacy:

This wipe product is tested to EN 1276, EN 14476, EN 13697, EN1650 & EN16777, which gives it a very broad spectrum of killing/infection control capabilities ranging from bactericidal to virucidal, with a successful kill of 99.99% of bacteria and enveloped viruses!

With a good range efficacies and excellent Eco-Friendly properties, this product is the perfect next step on your environmental journey.

# ECO-FRIENDLY Biodegradable Wipes
