

# GSA Travel Import

Businesses need a way to easily generate, track, and log per diem and lodging rates that accurately reflect the current GSA schedule. The ProPricer GSA Travel Import Tool helps companies streamline travel build-up, providing real-time visibility into all travel and per diem data.

Security and Roles

Intuitive Interface

Import/Export Capabilities

## Benefits

- **No Formatting Required**  
Imports all travel definitions within a single import with no manual formatting required.
- **Speed**  
Download new GSA rates and import them in seconds.
- **Flexibility**  
Add mileage rate and make custom edits to GSA Travel Items before import.
