Andy Slinger, CPA
Principal

Andy is a Principal with SVA Certified Public Accountants and focuses on the healthcare, dental, and veterinary industries. He advises physicians and dentists on running a successful practice and achieving their individual financial goals.

Andy works with practices to manage their financial matters. He also helps physicians, dentists and veterinarians set short and long-term goals in terms of budgeting, cash flow management, overhead management and tax strategies. He works in tandem with the practice's medical billing and coding team to oversee all phases of revenue cycle management.

In working with practices, Andy also advises physicians, dentists and veterinarians on their individual tax and financial matters. He focuses on minimizing their taxes and maximizing their financial well-being.

Andy achieves a high level of client service by maintaining his expertise in the various specialties he serves by being extremely organized and paying close attention to detail. He services clients in many specialties including dentistry, emergency medicine, radiology, primary care, general surgery and multi-specialty clinics.

Andy is a member of the Wisconsin Institute of Certified Public Accountants (WICPA), the American Institute of Certified Public Accountants (AICPA), and the Radiology Business Management Association (RBMA).
