

Jeffrey H. Lewis

Chief Technology Officer

Jeffrey is a Chief Technology Officer with SVA Consulting, LLC, a member of the SVA family of companies.

With over 15 years of experience in the technology industry, Jeffrey is well suited to work with a variety of companies to maximize their business success through the use of data.

Utilizing industry best practices, Jeffrey works with clients and SVA Consulting project teams to lead the design and execution of data solutions that focus on providing business insights, integrating information accurately and securely across systems, and leveraging technology to improve operations.

As a consultant, Jeffrey continually researches innovative technologies in the data space to help businesses prepare their data for advanced analytics and machine learning.

Prior to joining SVA Consulting, Jeffrey held several positions within the Global Information Management area of SC Johnson & Son, Inc., working primarily with the company's sales and marketing functions to design and implement advanced point-of-sale, inventory management, and supply chain analytics systems.
