Craig Maternowski, CPA

Principal

Craig is a Principal with SVA Certified Public Accountants and works closely with business owners and their management teams to advise them on accounting and tax issues. His experience gives him the ability to consult with clients in a variety of areas such as entity selection, tax credits, savings opportunities, compliance with federal and state regulations, and general accounting issues. He has extensive experience preparing financial statements, communicating results with clients.

Craig also works with high wealth individuals in federal and state compliance, tax research, proactive tax planning and tax saving strategies.

Craig is a member of the Wisconsin Institute of Certified Public Accountants (WICPA) and the American Institute of Certified Public Accountants (AICPA).
