

Measurable Results.® - **Meridian Endodontics**

[Music]

SVA has a reputation in the dental community that is second to none, and they have exceeded our expectations and truly have been a catalyst for our business. I'm Dr. Lisa Teel and I'm a periodontist, an implant specialist and an owner at Meridian Endodontics, Periodontics & Implant Dentistry. We have four doctors - two endodontists and two periodontists, which means that we have two specialties working together as a team. Our goal is to help you achieve a beautiful and functional healthy smile utilizing the most modern techniques in a comfortable environment. We really needed a catalyst for our practice to work with our team to help us in business and with tax strategy.

SVA has been a great source of advising for purchasing our building and in areas of transition. As our practice has seen growth, we have definitely used SVA as a counselor as we brought on new doctors to the practice and as we've seen our base grow.

So what truly differentiates SVA from other firms is their personal touch and we really truly involve them as a partner in our business decisions. They are trustworthy and I have had the privilege of recommending them to many colleagues. There is not a business decision where we don't utilize SVA as advisors first.
