

PRESCRIPTION DRUGS: Rx MANAGE

Rx Manage is a voluntary program, where you have access to several high cost medications at \$0 copay. This program allows you to order from a formulary of over 250 brand medications from pharmacies in New Zealand, Australia, Canada, and England. The medication will be exactly the same as what you currently take; to be on the formulary, a medication must be available from the same manufacturer internationally as the U.S. brand, or from the International license holder.

How to Place an Order on the Personal Importation Program:

- ♦ You can place your first order online at <https://my.globalrxmanage.com/customers/louisiana-machinery-company/signup>, or by phone at (800) 883-8841.
- ♦ Once established, your online account is available 24 hours a day, 7 days a week. Login to your computer or mobile device using your Account ID and password at <https://my.globalrxmanage.com/customers/login>
- ♦ It will take 10-15 working days for you to receive the medication after it has shipped. Please make sure you have a 30 day supply on hand before placing your first order for each medication
