

Don't have the time, resources or expertise to properly set up your listings? Let our professional service offerings do the work for you.

Focus on your business and let us help with projects you don't have the time, resources, or expertise to execute for success.

How does this work?

Contact us with a summary of the service you are looking for and we will schedule a call with you to discuss the project. Once we scope the project, we provide you with an estimate of time and cost, with no obligation included. Contact accountmanagement@selleractive.com to learn more.

Examples of the services we provide:

1. **New Marketplace Listing**

Want to expand to new marketplaces you're not on yet? Let us quickly manage the transfer of listings from your current marketplace to those new platforms.

2. **Marketplace Inventory Expansion**

If your entire product offering isn't fully listed on your marketplaces, let us expand those listings to include complete inventory.

3. **Inventory Management and Clean-Up**

Don't have enough time to keep products and listings updated? We've got you covered to help with the following:

- Cleanup and removal of duplicated listings
- Non-matching SKUs across marketplaces
- Large bundling or variation set-up projects

4. **Data Enrichment**

Looking to efficiently add more detail about your products, across all marketplaces? Content enrichment projects provide a higher level of detail for your listings.

5. **Refresh Trainings**

For a refresher on the latest capabilities SellerActive has to offer your business needs, check out our client-specific training that covers any aspect of our software that pertains to your workflow. We also offer direct training sessions for any new staff members you might have on your team.
