

Xpedite – Destination Services Redesigned

A smarter, digital, choice-driven experience for the modern relocating employee

What do you get when you combine a full-featured virtual environment, relevant and insightful digital content, and local expertise on-demand? Look no further for a simplified, streamlined service experience that your employees have been waiting for!

Introducing **Xpedite**: a simpler, smarter solution for destination services. Xpedite is the new delivery option for employees on short- and long-term international assignments who prefer choice and control, fast access to information, and reliable, straight-forward guidance from a local expert.

The Xpedite Difference	
✓	Employee choice-driven experience
✓	Digital content and virtual guidance with choice of in-person assistance
✓	Optimized use of authorized benefits
✓	Core/Flex choice and defined options controls the total cost of service
✓	3-day service value delivered in less time
✓	Outcome-focused, not process-focused

myMove... myChoices... myWay

Xpedite revolutionizes service delivery through a combination of crowd-sourced digitized content and a configurable structure that provides both essential core services and flexible choices for virtual or accompanied delivery.

Delivered through our myDwellworks™ platform, service starts immediately – no intake call to repeat information previously shared, no delays, no duplicated effort. Just fast access to hyper-local insights to start learning about the new location and make the move.

The screenshot shows the myDwellworks registration process. On the left, a message reads: "Congratulations on your new opportunity! Dwellworks is here to launch your new adventure as seamlessly as possible. In order to personalize our service to fit your needs, we'd like to get to know you a little better. This shouldn't take more than five minutes of your time and will help us match you with the perfect Local Expert in your new city." Below this is a video thumbnail titled "READY TO GET STARTED?". On the right, a form titled "Tell us a little about yourself" includes fields for "First Name*", "Last Name*", "Fit", "O'Neal", "Title*", and "Sr. Supervisor". Below the form, a "Success!" message states: "Thanks for helping us get to know you. We're going to use your preferences to find the perfect Local Expert for you, and we'll contact you as soon as your Expert is assigned. If you'd like to learn more about your new destination right now, go to myDwellworks. You can get insider info about Dallas and access our 24/7 resource library. To learn more about Dwellworks, visit us at www.dwellworks.com. Have a question? You can contact us at any time."

A Customer-Centric Experience at a Lower Price

Reimagining the Destination Services Experience!

On-demand information and a local lifeline when needed

We've supported hundreds of thousands of moves and have translated those customer expectations into local information designed for the high-demand, high-value talent that defines the globally mobile workforce. This digital content, presented in myDwellworks™, offers thoughtfully curated, crowd-sourced local insights and robust How-To Guides that provide employees with clear guidance for arrival and prepares them for what to expect in their new community. Throughout their journey, employees are connected with their in-market expert who finds property matches, answers questions, and provides virtual and/or accompanied support as requested.

Designed to move today's global workforce

Xpedite is tailored to complement existing employer benefits and policies, delivered in an employee-choice model. Now available in all major US metro markets and several key Dwellworks global service locations across the Americas and Europe, this service is ideal for employers who:

- ✓ Define expected outcomes but empower the employee to create their own service experience
- ✓ Seek both cost savings and an improved user experience
- ✓ Relocate employees who prefer a digital, self-driven experience with an option for accompanied help
- ✓ Want virtual service options as a differentiator in their employee benefits portfolio

Don't just authorize your next move, **Xpedite it!**
