

The No Leak Skylight™

A bright, modern living room with a vaulted ceiling. Two VELUX skylights are installed in the ceiling, providing natural light. A chandelier hangs from the ceiling. The room features a stone fireplace wall, a wooden bookshelf, a white sofa, and large windows with white curtains. The floor is made of dark wood.

2020 Price List Florida /Gulf Skylight Program Residential Skylights and Sun Tunnel® Skylights

Effective March 2, 2020

All retail prices are not valid in Alaska, Hawaii, or Mexico due to additional freight cost

Welcome To Your VELUX Florida/Gulf Skylight Program

There's no place quite like the Florida/Gulf Coast. From hurricanes to sunny days, this coastal region can be the ultimate challenge for any skylight. But not VELUX skylights! Designed, crafted, and tested to withstand the elements, the products that make up the VELUX Florida/Gulf Skylight Program are the best natural daylighting options for your home.

What makes VELUX Skylights shine?

- LoE³-340 Sun Protection Glass is designed to block heat gain and control glare from the powerful Florida/Gulf sun.
 - Available in: tempered for in-reach applications, laminated for out-of-reach applications per building code, and impact-rated for hurricane zones.
 - Laminated and Impact glass feature NEAT coating to keep the exterior cleaner for longer.
- Curb-mounted (FCM) and self-flashed (QPF) installation options
- Compatible factory-installed solar blinds for added light control
- Most models are available as part of our Quick Ship Program (delivers in 2-4 days) and all popular sizes are stocked by the majority of roofing supply houses

VELUX has a dedicated customer satisfaction team just for the Florida Gulf Region:

Now More Than Ever It's time to Go Solar.

No one feels the power of the sun quite like the Florida and Gulf Coast Region. And when you harness that power to control your skylights, you can save on more than just your utility bill!

Go Solar by installing VELUX's solar-powered skylights or blinds, and you'll automatically qualify for a federal solar tax credit based on the entire cost of your project - including installation! In other words, if you choose the greener option now, you'll get back a little extra green at tax time.

Just ask your installer to Go Solar so you can save big!

Visit veluxusa.com/go-solar for more information.

Bringing light to life

Non-dealer disclaimer

List prices shown do not include shipping and handling cost, delivery cost by your local VELUX Dealer or applicable sales tax. Final unit pricing can be 10–15%+ higher depending on your location, services provided and final delivery of the skylight to the job site. Many of the skylights do not include flashings or blinds. These can be purchased separately.

All VELUX skylights, roof windows, Sun Tunnel Skylights, flashing kits and blinds must be purchased through a qualified VELUX dealer. Please see the “Where To Buy” section of veluxusa.com website for a list of VELUX dealers near you.

NOTICE: ALL GLASS MAY BE SUBJECT TO UNEXPECTED AND SPONTANEOUS BREAKAGE in rare circumstances due to imperfections in the glass that are undetectable during the manufacturing and inspection process by the manufacturer of the glass and VELUX.

VELUX offers the choice of laminated or tempered glass skylights. Impact glass and comfortplus glass are all types of laminated glass. Comfort glass is a type of tempered glass. Laminated glass is a combination of two or more glass sheets with one or more interlayers of plastic (PVB) or resin. In case of breakage, the interlayer is designed to hold the fragments together. Tempered glass does not contain an interlayer to hold the fragments together. Instead, tempered glass is designed to break into small, pebble-like pieces. When tempered glass breaks, pieces of glass come loose and may strike an individual.

CONSULT LOCAL REGULATIONS AND/OR BUILDING MATERIAL CONSULTANTS TO DETERMINE WHICH TYPE OF GLASS IS RIGHT FOR YOU OR IF LAMINATED GLASS IS REQUIRED IN YOUR APPLICATION.

VELUX®

The VELUX Group creates better living environments with daylight and fresh air through the roof. The VELUX product program contains a wide range of roof windows and skylights, along with solutions for flat roofs. The Group also supplies many types of decoration and sun screening, roller shutters, installation products, products for remote control for installation in roofs. The VELUX Group, which has manufacturing companies in 11 countries and sales companies in just under 40 countries, represents one of the strongest brands in the global building materials sector and its products are sold in most parts of the world. The VELUX Group has about 10,000 employees and is owned by VKR Holding A/S, a limited company wholly owned by foundations and family. For more details, visit velux.com.
