At Burns Scalo Real Estate, we are continually rewarding both high and long-term performance. We have found that the gift of a Rolex watch aligns with the message of quality we want to send to the recipient. It has been a huge success!

Henne Jewelers helped us develop an incentive program more than 10 years ago. We wanted to create something special and unique for our advisors, and John and his team really hit the mark! This incentive program has aligned three iconic brands in Pittsburgh: Rolex, Henne Jewelers, and Northwestern Mutual. I highly recommend Henne Jewelers to help you build your own incentive program. Your team will be driven to new heights.
