

## United Way of Greater Nashville

United Way of Greater Nashville is fighting for a community where every person has an equal chance at a bright future. For more than 100 years, we have been bringing individuals, businesses, nonprofits and government organizations to the table to have the tough conversations, to mobilize resources and make smart investments that will create lasting solutions for our region's most pressing issues.

We partner with more than 100 nonprofit agencies throughout Greater Nashville to work in four core areas:

### BREAKING THE CYCLE OF POVERTY

Together, we can give everyone in our community a chance at a better life by providing access to free financial counseling services to build assets and increase financial reserves; making sure our young people graduate; offering continuing education and job training so people can get higher paying jobs; and setting people on the path to financial independence.

### GIVING KIDS AN EQUAL CHANCE

Together, we can ensure that every child in our community enters kindergarten ready to learn, has the support they need to develop crucial reading skills and receives essential social and emotional support from preschool to graduation.

### BUILDING STRONG, HEALTHY COMMUNITIES

Together, we are helping people access quality health care, assisting those suffering from mental health issues and chronic disease, and bringing people together to make connections and build strong, supportive communities.

### MEETING OUR NEIGHBORS' BASIC NEEDS

Together, we are ensuring all of our families have a stable place to call home, food to eat and the support they need in times of crisis while providing coordinated, wrap-around services to stabilize our families and avoid future crisis. 🏠
