

CADfix 11SP1 Data Exchange Fix Change Notes

Change Notes for CADfix 11SP1 as a brief summary of each fix arranged under their respective Problem report number(s):

7938	DBUG STUB F being used for large vertex edge gap test
	VAUT revamp needed
	FRGFIX STITCH not completing a stitch
	CADfix API: cficCalcFaceUVFromRay different on Linux than windows
	CATIA V6 Support
	Unable to fix narrow step for CREO
	Meshing test failure
	Div Cache Plotting Problems
	JT: how to document material and centre of gravity?
	DIVBAL could use a mechanism to stop divs being reduced
	Collapsed grid after transfer into Geoduck
	Mixed assemblies exported to V5. R25 broken?
	Join sliver faces problem
	CADfix for RH6.
	CADRIX TOLINIO. CADRIX API cficGetNodeXYZ
	CADITY APT CHEGETHOGENIC CADITY CHEGETHOGENIC
	Incoming transfer SWAN-Job 9142943
	Chamfer not found
	Self intersecting surface
	CADfix For Solar technical implementation overview
	Midsurfacing failing to obtain vertex constraints
	Curved facet export
	CATIA V5 export very slow.
	WELD creates an extra unwanted body
	Frog splitting tool needed
	"." used as a separator in key paths
	Diagnostic edge problem has NO display
	Weld small gap leaves hundreds of points behind
	Weld small gaps inconsistent in finding similar welds
	Welding produces too many welds
	CADfix 10 SP2 Linux ./bin/runadmin does not work
	Weld small gap strange behaviour - too many bodies
	Prepare to V5 create deviation on torus
	New tool for Inverting Face definitions
	Fold in SWEPT mesh
	Bulge in TFI meshing
	Inverted pyramid element from hex
	About Flexnet 11.13.1.0 buffer overflow.
	Deletion of solar sources results the deletion of model geometry (SEMAPHORE ID INC000004509971)
	Understanding Auto-chaining functionality
19481	FROG splitting needs to be accessible from the GUI
19484	Opening Mesh Manager deletes Venus-TET imported mesh
	First delivery of trailing edge blocking tool (HFM)
19596	3D Printing comparison question
19605	FROG remeshing by re-parenting
19635	CADfixapi causes "Segmentation fault (core dumped)" on Linux
	Geoduck: Wizard failing with "No error information available"
	sub-frogs no longer displayed
	Newest CADfix OEM version
	CADIQ capability for Legacy data conversion
	CADfix read question
	FTART Mesh error from XLAMUFIXLOR
	A problem for cadfix api
	PLMXML version?
	Incident 7576, 7448 and 7549
	CADfix OEM version 10
	famtomarc sloth
	More CWI functions
	Silly Little Error 402 - "COMP ALL"
17701	
	New fillet removal makes NEA faces
19913	New fillet removal makes NFA faces
19913 19915	GUI Bug in problem fix
19913 19915 19917	

10010	Fillet removed any see force with about a bound to be some uncombed and
	Fillet removal causes face with shared shape to become unembedded
	Shape is not G0 continuous after fillet removal
	Fillet fill-in faces are often unembedded
	SUPP FILLET fails with no messages, nothing in FAIL set
	Don't remove fillets when fillet angle is > 120 degrees?
	Can't remove simple fillet
	DEM Solutions: CAD Import Query
19939	3d printing compatibility
	CADfix crashing after opening this database and valid model check
	3d printing compatibility
	About import unit.
	Windows Server 2012 R2 Hyper-V
19972	CADfix update - JT
19973	CADfix update - JT
19985	ELTY command causes DBAN errors
19996	Make TAU-GRID and QSM readers convert existing mesh to automatic
20000	Database Arrays 150, 151, 152 and 153 are INCOMPLETE
20007	Non-closed shell after removing a fillet face.
	tocatiav5 test camembert has no units
	Unexpected result when removing chamfers
	Another fillet removal failure
	Simple fillet remove failure
	Another fillet removal failure
	Another fillet removal failure
	Cadfix 10 Sp2 support for CATIA v5 R25
	Parasolid rejects valid NURBS line - why?
	Error Report
	Cadfix chains error on 10SP2.1
	A Heap of Database Paging Errors and Error 402s Whilst Screen Picking.
	CADfix point coords measure error
	JT data
20078	Bad BUILD Body set management
	CADfix Crashes during Wizard Diagnostics for FROGs
	Strange unnerving messages on batch import of CATpart
	CADfix 11 cannot import CATIA CGR files
	CADfix 11 Beta failing to export to MESH Nastran
	C0 FROG Warning Message?
	GUI Error from Diagnostic "Collapse zero-are facets"
	CADfixdev crashes fixing zero-area facets
	Display bottom d/b summary not updating for facetted surfaces
20110	Crash trying to remove facet voids
20112	Source label disappears when opening individual part on source list
20123	JT data
20126	Fixing faceted surface problems creates CAD geometry
	Zero area facet fix CPU intensive, slow and ineffective
	Remove low facet count creates 4 extra faceted surfaces
	CRASH when you run diagnostic check on this model
	After fixing invalid facets the zero area problems go away
	,
/	GUI error when trying to remove Voids
	GUI error when trying to remove Voids cwc file not read in for IT tests
20187	cwc file not read in for JT tests
20187 20206	cwc file not read in for JT tests Old Parasolid file read into CF8.1 but not since
20187 20206 20208	cwc file not read in for JT tests Old Parasolid file read into CF8.1 but not since CSTR CHAIN to accept angular tolerance argument
20187 20206 20208 20212	cwc file not read in for JT tests Old Parasolid file read into CF8.1 but not since CSTR CHAIN to accept angular tolerance argument Missing callback dvapp causes database corruptions
20187 20206 20208 20212 20231	cwc file not read in for JT tests Old Parasolid file read into CF8.1 but not since CSTR CHAIN to accept angular tolerance argument Missing callback dvapp causes database corruptions SETA TYPE SH ANA
20187 20206 20208 20212 20231 20241	cwc file not read in for JT tests Old Parasolid file read into CF8.1 but not since CSTR CHAIN to accept angular tolerance argument Missing callback dvapp causes database corruptions SETA TYPE SH ANA Default tolerance for Repair
20187 20206 20208 20212 20231 20241 20244	cwc file not read in for JT tests Old Parasolid file read into CF8.1 but not since CSTR CHAIN to accept angular tolerance argument Missing callback dvapp causes database corruptions SETA TYPE SH ANA Default tolerance for Repair famtoabaqus Infinite Loop and Filling Disk Up.
20187 20206 20208 20212 20231 20241 20244 20246	cwc file not read in for JT tests Old Parasolid file read into CF8.1 but not since CSTR CHAIN to accept angular tolerance argument Missing callback dvapp causes database corruptions SETA TYPE SH ANA Default tolerance for Repair famtoabaqus Infinite Loop and Filling Disk Up. GUI error selecting "Split faces with a surface"
20187 20206 20208 20212 20231 20241 20244 20246 20247	cwc file not read in for JT tests Old Parasolid file read into CF8.1 but not since CSTR CHAIN to accept angular tolerance argument Missing callback dvapp causes database corruptions SETA TYPE SH ANA Default tolerance for Repair famtoabaqus Infinite Loop and Filling Disk Up. GUI error selecting "Split faces with a surface" some famtoabaqus tests taking too long and being killed off by timeout
20187 20206 20208 20212 20231 20241 20244 20246 20247 20256	cwc file not read in for JT tests Old Parasolid file read into CF8.1 but not since CSTR CHAIN to accept angular tolerance argument Missing callback dvapp causes database corruptions SETA TYPE SH ANA Default tolerance for Repair famtoabaqus Infinite Loop and Filling Disk Up. GUI error selecting "Split faces with a surface" some famtoabaqus tests taking too long and being killed off by timeout Unable to import NX parts
20187 20206 20208 20212 20231 20241 20244 20246 20247 20256 20264	cwc file not read in for JT tests Old Parasolid file read into CF8.1 but not since CSTR CHAIN to accept angular tolerance argument Missing callback dvapp causes database corruptions SETA TYPE SH ANA Default tolerance for Repair famtoabaqus Infinite Loop and Filling Disk Up. GUI error selecting "Split faces with a surface" some famtoabaqus tests taking too long and being killed off by timeout Unable to import NX parts Selection of FROG nodes for collapse is reluctant
20187 20206 20208 20212 20231 20241 20244 20246 20247 20256 20264 20271	cwc file not read in for JT tests Old Parasolid file read into CF8.1 but not since CSTR CHAIN to accept angular tolerance argument Missing callback dvapp causes database corruptions SETA TYPE SH ANA Default tolerance for Repair famtoabaqus Infinite Loop and Filling Disk Up. GUI error selecting "Split faces with a surface" some famtoabaqus tests taking too long and being killed off by timeout Unable to import NX parts Selection of FROG nodes for collapse is reluctant CADfix 11 Beta Export to ICMS giving errors
20187 20206 20208 20212 20231 20241 20244 20246 20247 20256 20264 20271 20282	cwc file not read in for JT tests Old Parasolid file read into CF8.1 but not since CSTR CHAIN to accept angular tolerance argument Missing callback dvapp causes database corruptions SETA TYPE SH ANA Default tolerance for Repair famtoabaqus Infinite Loop and Filling Disk Up. GUI error selecting "Split faces with a surface" some famtoabaqus tests taking too long and being killed off by timeout Unable to import NX parts Selection of FROG nodes for collapse is reluctant CADfix 11 Beta Export to ICMS giving errors Torus analytic face transform to opposite during CADfix prepare
20187 20206 20208 20212 20231 20241 20244 20246 20247 20256 20264 20271 20282 20293	cwc file not read in for JT tests Old Parasolid file read into CF8.1 but not since CSTR CHAIN to accept angular tolerance argument Missing callback dvapp causes database corruptions SETA TYPE SH ANA Default tolerance for Repair famtoabaqus Infinite Loop and Filling Disk Up. GUI error selecting "Split faces with a surface" some famtoabaqus tests taking too long and being killed off by timeout Unable to import NX parts Selection of FROG nodes for collapse is reluctant CADfix 11 Beta Export to ICMS giving errors Torus analytic face transform to opposite during CADfix prepare Problem writing large model coords to .dat format
20187 20206 20208 20212 20231 20241 20244 20246 20247 20256 20264 20271 20282 20293 20301	cwc file not read in for JT tests Old Parasolid file read into CF8.1 but not since CSTR CHAIN to accept angular tolerance argument Missing callback dvapp causes database corruptions SETA TYPE SH ANA Default tolerance for Repair famtoabaqus Infinite Loop and Filling Disk Up. GUI error selecting "Split faces with a surface" some famtoabaqus tests taking too long and being killed off by timeout Unable to import NX parts Selection of FROG nodes for collapse is reluctant CADfix 11 Beta Export to ICMS giving errors Torus analytic face transform to opposite during CADfix prepare Problem writing large model coords to .dat format Linux licence problems at Imperial
20187 20206 20208 20212 20231 20241 20244 20246 20247 20256 20264 20271 20282 20293 20301 20304	cwc file not read in for JT tests Old Parasolid file read into CF8.1 but not since CSTR CHAIN to accept angular tolerance argument Missing callback dvapp causes database corruptions SETA TYPE SH ANA Default tolerance for Repair famtoabaqus Infinite Loop and Filling Disk Up. GUI error selecting "Split faces with a surface" some famtoabaqus tests taking too long and being killed off by timeout Unable to import NX parts Selection of FROG nodes for collapse is reluctant CADfix 11 Beta Export to ICMS giving errors Torus analytic face transform to opposite during CADfix prepare Problem writing large model coords to .dat format Linux licence problems at Imperial Facet Intersect gives error
