# PRESIDENTS' DAY SALE!

WE CAN HELP YOU GET THE KITCHEN & LAUNDRY APPLIANCES YOU NEED!

## BUYING APPLIANCES DURING COVID-19

### CHALLENGES

Some appliances are in short supply. Limited variety means you have fewer models to choose from. It's harder to build a matching package. Backorders are less predictable - orders could take days, weeks or months. Manufacturers are unable to keep up with production due to Covid-19 restrictions.

### GOOD NEWS!

We are member-owners of a huge appliance warehouse here in New England. Thanks to our group's Purchasing Power, we can often get what you need quickly and deliver it faster than our competition. If products are out of stock, our knowledgeable team will recommend the best plan for you!

## WHAT WE'RE DOING TO HELP YOU:

### IN STORE

We'll help you find the right appliances for your needs, that are in stock and ready to deliver. If something you want isn't in stock, we will work to find an alternate option.

### WAREHOUSE

We reference confirmed product deliveries to our warehouse in real time, so you won't get caught in backorder limbo.

### DELIVERY

We have team members ready to deliver your appliances straight from our warehouse to your home.

### INSTALL

Our team members have been trained to safely install appliances in your home, and will accommodate your comfort level.
