Terrazzo by Scheurich

Scheurich presents Terrazzo, a color explosion of a special kind. The artistic pattern on this new cover pot range stands for high spirits and limitless arrangement possibilities. An allusion to the historic flooring of the same name, Terrazzo is a stylish player in interior decor.

Prominent patches of color give Terrazzo its unique and amazingly attractive character; plants like Peperomia napolii nights (decorative pepper) or Calathea (arrowroot) come sharply into focus with this new series. When combined with single-color cover-pots in Taupe, Olive, Burgundy or Curcuma, a vibrant look emerges as the colours of Terrazzo are picked up once more.

Terrazzo conjures memories of sunny days and lets plant lovers beam. Additionally, this high-end product enjoys features that are bound to convince the undecided: they are made in Germany and absolutely waterproof.

Retail prices range from \$8.99 from the 4.25-inch pot cover to \$13.99 for the 6-inch pot cover. Visit Scheurich on the ninth floor of Building 2 at the Atlanta show, call 312 454 0000, email corinna.kruckmeyer@scheurich.de or visit www.scheurich.com for more information.
