

Making Sense of Measurement

ORIGIN INTERNATIONAL APRIL 2021 NEWS

YOU ARE INVITED TO A LIVE WEBINAR

By Origin International & CAD Microsolutions

THURSDAY APRIL 29TH, 2021 : 1 - 2PM EST

cadmicro
LIVE WEBINAR

Improve Your Cashflow by Analyzing Your SCAN Data in SolidWorks

April 29 @ 1PM ET

Save your spot!

PRESENTED BY:

cadmicro **Origin**

IMPROVE YOUR CASHFLOW: ANALYZE YOUR SCAN DATA IN

SOLIDWORKS TO IMPROVE THROUGHPUT

Improve Your Cashflow :

Analyze Your Scan Data in SOLIDWORKS to Improve Processes

[CheckMate for SOLIDWORKS](#) is a dimensional analytics software tool from Origin International Inc. Manufacturers have relied on Origin metrology software tools for 30 years. With the CheckMate add-in, users interact with their dimensional data and ensure inspection problems don't delay part shipments, using their existing SOLIDWORKS skillsets!

In this webinar participants will learn and discuss:

- How scan data can be loaded directly into SOLIDWORKS and processed.
- How with minimal training users can compare a series of parts in SOLIDWORKS and make decisions that reduce process variability.
- How Engineers can use scan data with existing nominal frameworks (MBD/CMM) and more to save you time.

REGISTER

Who should attend?

Engineering managers, Program managers, Owners of small or medium-sized product design companies and engineering firms, Tool and equipment manufacturers, Design engineers, Quality Control personnel.

Speakers:

Rob Johnson, Director of 3D Scanning and Metrology, CAD Micro Solutions

The logo for cadmicro, featuring the word "cad" in blue and "micro" in black, both in a lowercase sans-serif font.

Geoff Foulds, Strategic Analyst-Engineering Solutions, Origin International Inc.

What Our Customers Have to Say

You are Awesome!!!! You Guys always take care of us!! Thank You! *Kevin Romanowski/ Quality CMM Programmer / Bucher Hydraulics Inc.*

Just so you know...YOU'RE THE BEST!!! In all my years in this industry (like 30+) , I've NEVER had or heard of this level of response and support with software!! And I've been around. *John C. Morin III / G.P.R. Co.*
