	What our Customers Have to Say!
	How to Access Short Keys List In CheckMate 14 Updated CheckMate Training Manual
	Software Unlocking Policy
	No time? Stay Up-to-date 'The Easy Way'

COVID-19 Update

What You Need to Know?

Origin has extensive experience working from home and is applying these best practices to ensure the safety of our employees and community.

As a software developer that distributes electronically our supply and delivery looks to be unconstrained.

Software updates are business as usual. We will maintain the schedule that existed prior to the Covid-19 situation.

Our policy is to suspend in-person communication until public health determines that it is safe for business travel to resume.

Our hearts and thoughts go out to all of our communities impacted. We also thank all of the healthcare workers and essential services in our communities who are working tirelessly to manage this rapidly evolving situation.

What Our Customers Have to Say

Just so you know...YOU'RE THE BEST!!! In all my years in this industry (like 30+) , I've NEVER had or heard of this level of response and support with software!! And I've been around. *John C. Morin III/G.P.R. Co.*
