

“LiveView Technologies was quick to come up with a solution that really worked, and the flexibility and adaptability of the system is kind of perfect for what we were doing. Especially with COVID-19, we had to deal with a lot of factors and adjust on the fly.”

WHO IS ANNE ARUNDEL COUNTY?

Anne Arundel County is located in Maryland, USA and is home to the state capital, Annapolis. As the local government seat, the county was tasked with providing 24/7 security at each of the ballot drop boxes for the 2020 elections.

A.A. COUNTY'S CHALLENGES BEFORE LVT:

- A safe, cost-effective way to monitor ballot boxes
- Last minute planning for security
- Mandatory 24/7 monitoring at 32 locations for 45 days

LVT SOLUTIONS:

- Assess A.A. County's situation and needs
- Deploy mobile units to 32 locations
- Quick and flexible set up
- 24/7 surveillance, alerts, and deterrence
- Desktop and mobile accessible portal to check live feeds

RESULTS:

"The portal was really appealing to us. You could toggle between the different feeds from your desk. That really sold us."

- David Garreis
