WHO IS ASPECT HOMES?

Aspect Homes is an up-and-coming residential development company with current projects in Nevada. They found their niche with infill developments where they focus on a small lot product that maintains a lower price point.

ASPECT HOMES' CHALLENGES BEFORE LVT:

- A more cost-effective way to monitor construction sites
- Prevent theft of costly materials
- Quick security solution without hours of research and installation

LVT SOLUTIONS:

- Assess Aspect Homes' situation and needs
- Deploy a mobile D3 Security Unit
- Set up 30 minutes after delivery
- Allow for live views, alerts, and deterrence

RESULTS:

"It was very effective. I've had no theft and I know that most buildings in the area are experiencing theft."
