

WHY LIVEVIEW TECHNOLOGIES?

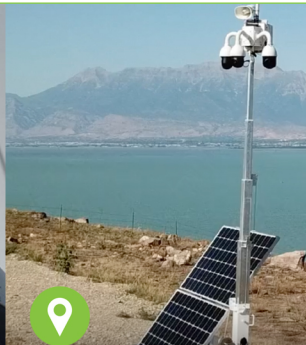

RAPID DEPLOYMENT

You don't need to rip up current infrastructure for top-of-the-line security. Instead, place our cameras where you want them and set them up in 30 minutes or less.

CUSTOMIZABLE

With dozens of camera and sensor options, combined with various mounting options, our entire system is truly customizable to fit your needs.

GO ANYWHERE

Our units require no electricity, wires, or internet. Whether at an oil drilling site, a lonely road, or a crowded parking lot our units can literally be moved and set up anywhere.

ACCESS ANYWHERE

Every unit pairs with the LVT Platform that is available on your mobile device. This means you can manage your surveillance anywhere in the world.
