

## Checklist for Reaching Your Network

- Reach out to your family and friends.
- Post and reach out through your social network platforms (Facebook, Instagram, LinkedIn, etc.)
- Have your friends and family spread the word – split the bonus with them as you see fit!
- Tell everyone! If you encounter someone in your day-to-day world (for example, that Home Depot or grocery store clerk who always has a smile and provides you outstanding service) and think they could be a good fit, send them to our website to check us out.
