

Graphic Designer

In the last five years, we have gone from a single product to over 15 different machines and accessories! This quick development means that we are constantly looking to revolutionize our marketing materials, and we need someone passionate about design and brand identity to help us keep the ball rolling.

Our Graphic Designer will be responsible for creating a wide variety of printed materials, including brochures, cut sheets, and machine decals, as well as helping out with our websites and social media accounts. There is plenty of room to grow in our Marketing department, and we're looking for someone with lots of ideas and the chops to see them through.

Check out what we make here:

The culture at Eteros is extremely important to us. It is a tangible feeling that becomes contagious when you have the right people in place. So, what type of person is the 'right fit' for Eteros? Here is what we are looking for when it comes to fit:

Right Fit	Not a Fit
Can-do attitude	"That's not my job" mentality
Strong work ethic	Not eager to learn
Sense of urgency	Lackadaisical
Resourcefulness	Not putting in an honest day's work
Follow-through	Not a team player
Passion in your work	Not taking ownership
Happy people	Watching the clock

Requirements

- Minimum 2 years of graphic design experience
- Proficiency in Photoshop, Illustrator, and InDesign
- Experience with Premiere Pro is a plus!

Salary

\$50,000 - \$75,000 per year

Job Perks

In addition to working with an awesome group of people, Eteros offers a comprehensive benefits package after three months. After one full year of employment, employees are eligible to participate in the company's Employee Stock Ownership Plan.

Duties

- Implement established corporate brand standards across all materials to maintain consistency
- Take written content and convert into visually appealing corporate documents that are consistent with pre-established look and feel of existing branded documentation
- Create new and update existing print and digital assets as needed
- Create new and update existing documentation such as user manuals, how-to guides, cut sheets, and various customer-facing documentation as machines are developed or upgraded
- Design adhesive warning labels and control panels for machines - requires knowledge of dyelines and setup for printing
- Create PowerPoint slide decks for our live webinars
- Create graphics and promotional material for events
- Save and export graphics to meet specifications of required final output (print, interactive PDFs, digital, web, etc.)

Considered an Asset

- Strong organizational and time management skills; ability to prioritize on the fly
- Ability to work independently and collaboratively with a team
- Out-of-the-box problem-solving skills

Job Type Full-time – position available immediately.

Hours Primarily day shift (7:00am – 3:30pm), with flexibility to work longer hours as required.

Location Denver, CO
