OUR QUARRIES 42

SUCCESS IS BUILT ON PASSION.

Polycor is the product of a merger of the great North American stone companies to become the largest and most ambitious natural stone company in the world. We have grown our portfolio of stones by partnering with these industry giants, allowing us to provide our customers with centuries of expertise in the field.

Armed with the knowledge acquired from industry pioneers like Swenson Granite Works, Rock of Ages, Indiana Limestone Company and Granite Bussière, we quarry, produce and distribute a wide variety of stone products for our residential, architectural, and hardscapes & masonry market segments.

At Polycor, we take great pride in providing natural, sustainable and locally sourced materials to our customers. Our roots are in stone work and this is evident in the integrity and respect that can be found in all our local quarrying communities.

Our products are from the earth and for the earth, just as nature intended them to be. We have made it our mission to be industry leaders with respect to both our products and our people, all with the aim to help the world fall in love with natural stone.

CERTIFIED QUARRY: This symbol identifies quarries certified under the Natural Stone Sustainability Standard (ANSI/NSC 373).

ALBERENE SOAPSTONE™

The unique rustic look and industrial style of this charcoal-gray soapstone from Schuyler, VA, are perfect for your on-the-go lifestyle. Its distinctive thermal properties make it ideal for large spaces and heated flooring. This versatile stone is customizable with shades that can vary from light to dark gray, depending on the amount of wax applied to the surface.

SCHUYLER, VA, USA

NEUTRAL STONES

The subdued neutral shades of this line of products make them appropriate for all types of styles and requirements. Their calming tones will provide a quiet and soothing atmosphere to any space.

SAINT CLAIR™ LINEAR

INDIANA LIMESTONE - FULL COLOR BLEND™
Smooth

INDIANA LIMESTONE - FULL COLOR BLEND™

This renowned limestone from Bloomington, IN is mostly used for outdoor applications and produces outstanding results every time. It is the facade of countless landmarks across North America and can also be used as cladding for home exteriors. Indiana Limestone's unique color blend ranges from medium gray to warm beige, adding a pleasant glow to any outdoor space.

BLOOMINGTON, INDIANA, USA

Quarry certified under the Natural Stone Sustainable Standard (ANSI/NSC 373)

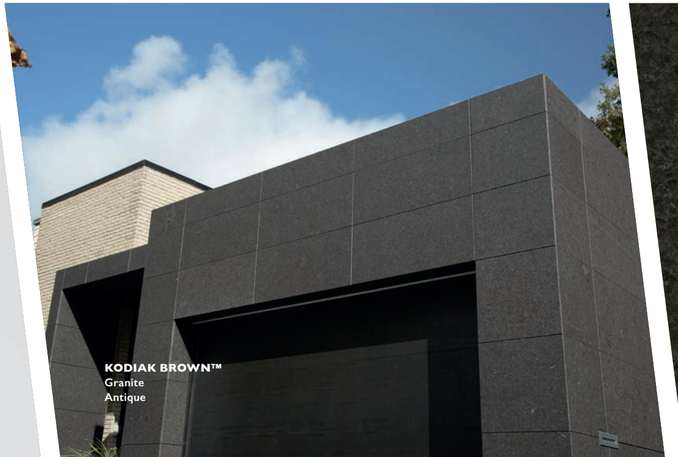
KODIAK BROWN™
Granite
Antique - 1CM slab

KODIAK BROWN™
Granite

A treasure unearthed in the mountainous region of Chute-des-Passes, QC, this granite is the ideal product for countertops. Its deep brown backdrop punctuated with small pale flakes will lend a soft touch to any style of design.

CHUTE-DES-PASSES, QC, CANADA



KODIAK BROWN™
Granite
Antique

SAINT CLAIR™
Marble

This monochrome American marble from Marble City, OK has a wavelike pattern that varies from one slab to the next. Determined by the way the stone is cut, the slabs will reveal soft variations of gray and beige with tiny dark veins in a linear cut or a vaporous, cloud-like pattern in a fleuri cut.

GEORGIA MARBLE - WHITE CHEROKEE™
Honed

GEORGIA MARBLE - WHITE CHEROKEE™

Quarried at our site in Tate, GA, this marble has more subdued tones and less pronounced veining than the other stones quarried at the same location. The subtle waves found in each slab add interesting movement, making it an excellent choice for countertops when paired with darker cabinets or accents.

TATE, GA, USA

Quarry certified under the Natural Stone Sustainable Standard (ANSI/NSC 373)

GEORGIA MARBLE - PEARL GREY™
