

# 2021 Synapse® Radiology & Cardiology Admin Support Question & Answer Schedule

At [FUJIFILM Medical Systems, U.S.A., Inc.](#), our goal is to provide comprehensive and engaging education services to optimize your PACS experience. To support this initiative, Fujifilm's Synapse® System Administration Team (SSAT) is offering complimentary, live Q&A sessions to hone your PACS administrative skills and responsibilities.

The recurring one-hour discussions provide an open platform for dynamic dialogue between Fujifilm SSAT experts and Synapse PACS users.

Common topics discussed include:

**[What's new \(version-specific\)](#) | [Reading protocols](#) | [Body-part mapping](#) | [Related procedure-code mapping](#) | [Workflow management](#) | [Admin reporting](#) | [Worklist](#) | [Viewer](#) | [PowerJacket](#) | [Clinical reporting application](#) | [Configuration manager](#) | [Measurement/data mapping](#) | [Queue management](#) | [Open forum](#)**

Join any or all of the following sessions during their scheduled time to enhance product knowledge, share software experiences, and learn best practices to drive future success.
